Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.
4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title "tab", on the tray insert, is for CD case with a transparent tray. Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree angle, away from the main tray cover portion. If the right-most "tab" is retained for a transparent tray, fold that "tab" 90 degrees again, away from the title "tab" next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.
10. Please appropriately discard this portion and the scrap bits of paper.

The Edinburgh Lectures On Mental Science

Thomas Troward was a divisional Judge in British-administered India. His avocation was the study of comparative religion. Influences on his thinking, as well as his later writing, included the teachings of Christ, Islam, Hinduism, and Buddhism. After his retirement from the judiciary in 1896, Troward set out to apply logic and a judicial weighing of evidence in the study of matters of cause and effect.

The philosopher William James characterized Troward's Edinburgh Lectures on Mental Science as "far and away the ablest statement of philosophy I have met, beautiful in its sustained clearness of thought and style, a really classic statement."

According to Alcoholics Anonymous (AA) archivist Nell Wing, early AA members were strongly encouraged to read Thomas Troward's Edinburgh Lectures on Mental Science. In the opening of the 2006 film *The Secret*, introductory remarks credit Troward's philosophy with inspiring the movie and its production. (Summary by Wikipedia)
